UMBRELLAS

Umbrellas are available in two basic styles. The most popular is the natural canvas "Market" Umbrella with wood frame with a 9' diameter. This umbrella may be used freestanding behind your buffet/ beverage tables (when renting a base), or shade guests by inserting into a 48" or 60" round table. It is also available in a 12' diameter with base to be used freestanding between tables or guest seating. Our commercial patio umbrella has a 7' diameter metal frame with a white vinyl cover, and may be used by inserting into the 48" table only (not recommended for freestanding use). All umbrellas are non-tilting for shade applications only (not water resistant).
