

FLAT TOP GAS GRIDDLE

OPERATING INSTRUCTIONS:

- ◆ Connect LP tank to unit.
- ◆ Ensure all control knobs are **[OFF]** and **SLOWLY** open the gas cylinder valve.

LIGHTING INSTRUCTIONS:

- ◆ To light the first tube, turn the first knob to the left while using a lighter.
- ◆ Lighting the first tube of the griddle will automatically light the second and third. It is not necessary to use the lighter after the first one.

CLEAN UP:

- ◆ Shut off burners and gas supply.
- ◆ Excess food may be removed with a soft cloth and water. Do not use any abrasive products to clean surface.
- ◆ Once griddle has cooled down, it can be moved and stored away.
